## Student Community Service Hours

There is a new process to recording student community service hours. You may download a form from the school website or pick up the form from the school office to fill out for student service hours. Please track your student community service hours during the month and please turn in the form to your child's homeroom teacher by the 5<sup>th</sup> of the next month. They will record your child's service hours. **PLEASE do not send their hours to Kristi Baillif, the community service coordinator.**

If your child completed community service hours during the summer, they can count 5 hours (K-8) towards their

10 hours of service or 10 hours (Grade 9) towards their 20 hours of service.
